MuVit™ Digital Dual Feed

- Use the direct motor-driven foot to powerfully feed fabric from the top and bottom, giving you greater control.

Automatic Height Adjuster™ AHA feature

- The AHA® feature helps ensure consistent stitch length on all fabric thicknesses by keeping the presser foot pressure consistent regardless of fabric thickness, leading to consistent stitch quality across uneven surfaces.

Pivot function

- The presser foot automatically lifts as the needle remains lowered for fast and easy fabric manipulation.

Lockstitch key

- With a touch of a button, tie-off stitches can be easily sewn at the beginning and end of the stitch.
